S. LOHITH CHAITANYA VARMA

Bellary, Karnataka, India | chaitanya.aiml.rymec@gmail.com | B.E. AI & ML (2027)

EDUCATION

B.E. in Artificial Intelligence and Machine Learning **2023 — 2027**
Rao Bahadur Y Mahabaleswarappa Engineering College (RYMEC), Bellary Current CGPA: **7.14 / 10.0**

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL, HTML, CSS
Frameworks & Web: React, FastAPI, Computer Vision, Groq API
Developer Tools: Git, GitHub, VS Code
Core CS Fundamentals: Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA)

PROJECTS

Golden Ratio Face Analyzer | *HTML, CSS, JavaScript, React, Computer Vision* **Implemented**

- Developed a web application for analyzing facial proportions using classical golden-ratio (Phi 1.618) measurements.
- Detected facial landmark coordinates to calculate Euclidean distances between ocular, nasal, and jawline landmarks.
- Visualized analysis results through dynamic canvas and SVG geometric overlays with harmony scoring metrics.

AIVA — AI Virtual Assistant | *React, JavaScript, Python, FastAPI, Groq API* **Implemented**

- Built an AI-powered platform for aptitude testing, coding practice, mock interviews, and personalized interview preparation.
- Integrated Groq API for ultra-low-latency LLM inference to simulate realistic conversational interview interactions.
- Engineered an asynchronous FastAPI backend to manage user test sessions, prompt pipelines, and diagnostic evaluations.
- Designed responsive React frontend featuring code editor workspace, aptitude tests, and real-time performance feedback.

CORE COURSEWORK & ACADEMIC INTERESTS

Data Structures & Algorithms, Object-Oriented Design, Artificial Intelligence, Machine Learning Algorithms, Database Systems, Computer Vision Principles.
